### GRAND KNIGHT'S COLUMN

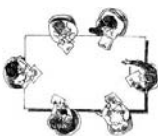

The nights are getting cooler and the daylight hours are getting shorter. Soon we will smell the aromas of the wood fires in the fireplaces. Can the inviting fragrances of the booyah kettles be far behind?

We have just received the checks from the Tootsie Roll campaign last spring and will be providing full details at our September meeting. Once again, it was a great campaign and we can take pride in the fact that Aspiro and the Catholic Special Education organizations will be very pleased with the checks we can present to them to continue their great work.

The next few weeks will see us engaged in a soccer challenge, the Respect Life Essay and the Parish Memorial Mass.

This being an election year, I am sure that you are being bombarded by candidates asking for your support and your vote. Take time to understand the issues and express your opinion through the ballot box.

Fraternally,  
Dan Barrington

## MANY TIMES WE ARE THE RECIPIENTS OF CHARITY:

For many years Randy Barrett has provided for the printing of our newsletters through Warren Group free of charge. Actually many things have been printed at the Warren Group for the Council. Randy has volunteered in so many different ways that I could not begin to remember them all. He has shared his time and talent. Many of us are aware that Randy has had many out-of-pocket expenses that have gone completely unnoticed because everything he's involved in comes off without a hitch. It is with this note, we wish to personally thank Randy for all he has done and continues to do. It was his initiative along with the time and donations of Tom Gauthier and many others that resulted in the Booyah kettles that we now have.

Since Randy has left the Warren Group, and it was purchased by Johnson Insurance on January 1, 2006, Brother Knight Andy Schumacher has given the okay to continue printing our newsletters at no cost to the Council. Johnson Insurance also donates their aluminum cans to the Council. Grant Turner has picked them up, with his truck, and taken them to Smitty's Salvage. Those cans have brought in close to \$100 since this was started in January.

We all owe Randy, Tom, the previous owners of the Warren Group, and now Johnson Insurance, a huge thank you for all they have done and continue to do for us.

Fraternally yours,  
Roy Johnson

## The Advantages of Children's Policies

It's quiet at home, now that the kids have gone back to school. If you and your spouse have sufficient life insurance for yourselves. ( I can help you to determine whether or not you do), you may want to investigate policies for your children.

There are a variety of reasons why the Knights of Columbus encourages members to consider purchasing policies for their children. The most important one is that someday, your children will go off to college, start careers, buy homes, get married, and have families of their own. By starting low-cost children's policies now, you can help them meet this future need.

A guaranteed purchase option rider gives your child the option to purchase additional coverage on six future occasions without evidence of insurability. Exercising a GPO options will cost much less than if they have to purchase their policies as adults.

Moreover, if your child develops a medical condition won't be an obstacle to obtaining additional coverage at standard rates.

Last, but not insignificantly, the cash value of a permanent life insurance policy is one more source of funds for meeting your child's future financial needs. What's more, the cash value increases over time and any dividends declared will increase these values.

Helping to secure a more financially stable adulthood tomorrow for a member's child today is a worthwhile endeavor for a fraternal benefit society such as the Knights of Columbus. It's also a logical extension of our Order's mission to: "Make a Difference for Life." Talk to me to find out more.

## Diocesan Meeting

The Green Bay Diocesan meeting was held September 9th at St Bernard. Thanks for the help of the many council members that helped with the set-up Lunch and Take down.

The facilities were greatly appreciated by all those KC members of the Diocese that attended. The State presentations were all upbeat and enthusiastic. There was a lot of optimism amongst the councils for the new year.

## Knight is Mission Specialist on 11-Day Flight of Space Shuttle Atlantis

Commander Daniel C. Burbank, 45, a 25-year member of Edmund P. Perkins Council 6626 in Tolland, Conn., is serving as a Flight specialist on the current Space Shuttle Atlantis mission, STY-115, which is making improvements to the International Space Station.

The six-member space shuttle crew is installing a second set of solar arrays, weighing 17.5 tons, on the space station, which double the station's ability to generate power from sunlight. The 11-day mission has been in planning and training four years. Commander Burbank was a member of a two-man team that made a space walk Wednesday, Sept. 13, to activate the newly installed equipment to the space station.

Commander Burbank graduated from Tolland (Conn.) High School and the U.S. Coast Guard Academy. He received a master's degree in aeronautical science from Embryo-Riddle Aeronautical University.

This is his second mission aboard the Space Shuttle Atlantis. During a 12-day mission, STY-106, in September, 2000, Commander Burbank prepared the International Space Station for its first permanent crew.

Commander Burbank's father, Dan, is also a past grand knight of Council 6626.
